Work Experience

Concept Artist — Dark Emerald Gaming Studios, Dubai

05-2023 — Current

- Designed iconic levels and environments for a dark fantastical video game.
- Worked closely with game designers and art director to tunnel in the look development for the projects' themes.
- Created level draw-overs using the 3D game blocks for set-dressing.
- Designed contextual props and prop sheets for characters and environments
- Painted level backgrounds.
- Designed over 10 art focused game environments that integrated existing game mechanics as well as created novel and innovative game-play

Lead 3D Animator — Fifth Wall Immersive Media Lab, Sharjah

08-2021 — 03-2023

- Animated human and non-human rigged characters for VR and AR projects.
- Modeled, textured, and animated environmental assets and scenes in Blender.
- Delivered high quality outcomes using programs such as Unity, Blender, iClone, Character Creator, and Reality Composer.
- Managed, coached, and directed award-winning team's character and scene animations.
- Implemented creative solutions based on resources and time available that increased team's efficiency and productivity by over 50%.

Concept Artist — Fifth Wall Immersive Media Lab, Sharjah

01-2021 — 08-2021

- Developed 20+ concept sketches, storyboards, and illustrations for a VR art museum experience.
 - Illustrated expressive character designs, integrated environmental visual development, and designed project's visual identity.
 - Directed prototype production for project pitches.
 - Modeled, textured and rigged 10+ models in Blender and Maya.
-
